

## Healthy Child Care Colorado Child Care Health Consultant

### Pyramid Plus Training

May 12, 2011

1:00 – 4:30

Denver

This training will be for those nurses already familiar with the CCHC role but whom are interested in an overview of the Pyramid Plus model in order to more effectively help early care and education caregivers/teachers work with children who have challenging behaviors.

- ❖ Topic One: ***Building Positive Relationships and Establishing Supportive Environments***
- ❖ Topic Two: ***Teaching and Supporting Social and Emotional Development for Young Children***

*The session will provide participants with a foundational understanding of the impact of each content area and how these preventive measures reduce challenging behaviors; as well as some big bang strategies that can be easily implemented in all settings.*

*Please join us for this informative afternoon at the Clayton Learning Center. Register for this training by completing the application found on the Qualistar Colorado website at the link below: The cost of the afternoon session is \$10.00. You will receive confirmation of the training as well as specific training location directions upon receipt of registration.*
